Dual-in-line pin header with SMD pads

Description:

SMD connector with outer male pin contact. It is completing our Dual-in-line pin header products range by offering the choice between SMD pads and gull-wings.

Number of contacts and height of male pins can be customized. This new product opens for you a full new range of standard products using this concept with male pins.

General specifications:

- 100 mating cycles
- Pitch: 2.54 mm
- 4 to 48 contacts
- Gold or Tin (RoHS) plated
- Rated current: 1A
