Declaration of REACH compliance

Dear Valued Customer,

In compliance with Regulation (EC) N° 1907/2006, of the European parliament and the Council of December 18th 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), PRECI-DIP SA is considered as a manufacturer of electrical contacts and connectors and acts only as a downstream user and is neither a manufacturer, nor a reseller nor an exporter of substances or preparations that should be considered at risk under the latest rulings.

Substances subject to restriction - Annex XVII / REACH

Following the last update of December 14, 2021, 76 substances or groups of substances in mixture or in article appear on this list. All substances and preparations used in the manufacture and packaging of products have been reviewed with our suppliers and PRECI-DIP can state that no Prohibited Substances are contained in our products and packaging.

Substances subject to authorization - Annex XIV / REACH

All substances and preparations used in the manufacture and packaging of products have been reviewed with our suppliers and PRECI-DIP can state that use any substance subject to authorization.

Substances subject to communication - SVHC list

Following the last update of Substances of Very High Concern on June 14, 2023 (listed 235 substances), we inform you that for the manufacture of the most of our components, we use brass containing more than 0,1% lead but less than 3,5% (35 000 ppm). This is the only one substance in the SVHC list.

Substance	CAS No.	List	Recording	Worst case concentration of SVHC
Substance	EC No.	LIST	Recording	Location
Land (DL)	7439-92-1	Candidate	07.00.0040	35 000 ppm
Lead (Pb)	231-100-4	list SVHC	27.06.2018	Raw material

Please note that the inclusion of Lead as SVHC is not a restriction of use, the only requirement is as stated above.

* The exemption 6(C) of Annex III of RoHS Directive 2011/65/EU and the exemption 7.3 of China ROHS II allows to use copper alloys containing up to 4% lead by weight.
